SMV emblems are required by law on all slow moving vehicles operated by farms which employ persons other than persons in the owner's own household. Thus, virtually every slow moving vehicle should have an organge triangle on the rear to put other motorists on the alert.

Sign-Up Set With No Extension

Sign-up period for the 1972 feed grain and cotton programs will be January 17 through February 25, and there will be no extension, J. P. Alvis, Jr., chairman of the Appomattox County Agricultural Stabilization and Conservation (ASC) Committee announced today.

According to Chairman Alvis, the 1972 feed grain program is designed to achieve a feed grain set-aside of at least 38 million acres, compared with 18,2 million acres this year.

With new options presented to farmers for 1972, the Secretary of Agriculture must have set-aside commitments by Feb. 25 to enable him to determine whether to accept farmer offers of optional set-aside if signup is short of the desired 38 million acres.

To do this, he said, it is imperative that we have an early sign-up. Farmers have from now until Jan. 17 to make their plans and to sign up within the alloted period.

Mr. Alvis indicated it is necessary to set-aside at least 38 million acres this coming year to help offset the record corn production of 1971. Also, he said, the basic goals of the 1972 feed grain program are to give farmers more opportunity for decision making on their farms, and to protect and improve their incomes.

"The 1972 feed grain program will reduce carryover stocks, help keep our agricultural production in line with anticipated needs, and will encourage farmers to put greater reliance on the marketplace as the principal source of farm income," he said.

"Game Ball" - 10 to 0 or $144

Gordon Staples, Captain of the Appomattox County Rescue Squad, is shown above presenting the Homecoming "game ball" to Arthur Layne, who held the winning ticket drawn at half-time at the Homecoming Football Game played here on Friday night at Bragg Stadium. This project, through the co-operation of Coach Jerry Robinson and his staff, was sponsored by the Appomattox County Rescue Squad and proved to be a real winner!

The mighty Raiders of Appomattox County High School (playing with this football) shut out the Colonels from Altavista by a score of 10 to 0. Our Raiders are real winners! The Rescue Squad members, selling tickets for chances on the "game ball" cleared $144.00 on the project. The Rescue Squad definitely came out on the win-side! Last but not least, Arthur Layne took home the "game ball" autographed by the coaches and the Raiders - Arthur Layne was another real winner!

The end of the month brought another bill (though not an unexpected one) into Appomattox homes and businesses last week as county treasurer John G. Plunkett mailed tax notices for real estate, tangible personal property, machinery and tools, merchants' capital, farm machinery and livestock.

Revenue estimates by the board of supervisors for the fiscal year which began July 1, 1971, total 567,000.00 expected from current levies.

Treasurer Plunkett, in reviewing tax expectations Tuesday gave a total of $587,160.81, an increase of some $5,024.46 over last year's figure of $582,-136.35.

The increase is seen in approximately $8,635.10 additional taxes from real estate (new homes and home improvements) and $8,994.42 in personal property taxes.

Real estate taxes, based on $3.00 per $100 assessed value (30% of fair market value) are expected to bring in $295,370.-97.

Tangible personal property taxes total $10,770.99 at the rate of $3.00 per $100 evaluation. This figure includes Machinery and Tools Tax (at the same rate) plus Merchants' Capital Tax at 60¢ per $100 evaluation and Farm Machinery and Livestock tax at $2.00 per $100 evaluation.

There is a 5% penalty for taxpayers, added after Dec. 6.

This half-million dollar revenue is about one-fourth of the total county budget estimate of $2,376,391 which includes costs of operating county offices, the public school system, welfare payments, plus a yearly surplus.

State and federal public assistance grants, local 1% sales tax, sales tax revenues returned for school operation, state and federal funds for school operation are other revenue sources from which Appomattox derives income to carry on ots many functions.
